

## Poster Directory

Abstract/Paper page numbers are indicated at the end of listings  
when applicable [example: "...(p. 2)"]

### Poster #

- 15 **Simulating Density-Dependent Flows Using the Lattice Boltzmann Method**  
– *Kathleen (Katie) Bardsley* ..... (p. 14)
- 16 **Physical and Numerical Modeling of Buoyant Groundwater Plumes**  
– *Linzy Brakefield-Goswami*..... (p. 26)
- 17 **Brine Formation and Entrapment in the Eastern Mediterranean Coastal Plain Aquifer** – *Mati Caspi* ..... (p. 34)
- 6 **The Interplay Between Tidal Fluctuations and Physical Heterogeneity on Seawater Intrusion** – *Eduardo Castro* ..... (p. 36)
- 14 **Submarine Groundwater Discharge at an Open Ocean Marine Beach in California** – *Nicholas de Sienes* ..... (p. 58)
- 18 **Stochastic Study on Impact of Heterogeneity of Coastal Aquifers on Movement of Transition Zone (TZ) between Freshwater and Saltwater Induced by Pumping** – *Guoping Ding*..... (p. 63)
- 11 **Groundwater Quality Monitoring on Northeast Yucatan Peninsula, Mexico**  
– *Oscar Frausto*..... (p. 80)
- 1 **Feasibility Study for Raw Water Supply to a Proposed Reverse Osmosis Plant on New Providence Island, Bahamas** – *Weixing Guo* ..... (p. 91)
- 19 **The Role of Salt Sources in Density-Dependent Flow**  
– *Juan José Hidalgo González* ..... (p. 96)
- 8 **Dynamic Behaviors of Fresh-Saline Water Interactions in Coastal Zone**  
– *Kue-Young Kim* ..... (p. 113)
- 3 **The Use of Mapping the Salinity Distribution Using Geophysics on the Island of Terschelling for Groundwater Model Calibration** – *Arjen Kok*..... (p. 124)
- 2 **Numerical Simulation of a Coastal Aquifer in Rhodes Island**  
– *Georgios Kopsiaftis* ..... (p. 128)
- Unable to attend **Proposal of a Methodology for the Optimal Design of Monitoring Networks Coastal Aquifers Mmanagement** – *Julia Marangani* ..... (p. 145)
- 12 **The Coastal Karstic Aquifer of Vlora (Albania)** – *Maurizio Polemio*..... (p. 199)
- 20 **Vertical Integration for Modelling Seawater Intrusion** – *María Pool* ... (p. 204)
- Unable to attend **Influence of Sea Water Ingress : A Case Study from East Coast Aquifer in India** – *Surendra Sharma* ..... (p. 250)
- 4 **Evolution of Seawater Intrusion in Coastal Aquifers of Pontina Plain (Italy)**  
– *Luigi Tulipano* ..... (p. 278)

**Poster #**

- 9      **Tracing Vertical and Horizontal Migration of Injected Fresh Wastewater into a Deep Saline Aquifer using Natural Chemical Tracers**  
– *Virginia Walsh*..... (p. 298)
- 5      **Significant Water Quality Trends Observed in the Lower Hawthorn Aquifer of Southwestern Florida, Occurrences and Solutions**  
– *Michael Weatherby*..... (p. 302)
- 10     **Airborne Geophysical Investigation of the German North Sea Coastal Area**  
– *Helga Wiederhold* ..... (p. 315)
- 21     **Quantifying Effects of Natural and Anthropogenic Stresses on Long-Term Saltwater Intrusion in a Coastal Aquifer – *Michael Zygnerski* ..... (p. 331)**
